

## Master Of My Dreams

Nightfall

Deep within the world of dreams  
True desires reveal their will  
But tell me why can I see  
No more beauty in my dreams  
Master of My Dreams I don't believe you  
I am an absolute dreamer  
Don't go too close to such a sinner  
I hear they say to children attracted by my smile  
I hear they say to children in search of true lifetime  
I know you know we all been drow  
But have to escape before the dawn
