## **The Sunless Smile**

## Nightfall

Many ways exist to erase one's dream

Many people say the worst one is she

Never had a thought that this might be true

Till the bloody day I found out how wrong was you

I hate you, I hate your sunless smile

I see people dying in the name of love Friends and brothers dancing in the love's dom I used to be among the mesmerized ones Till that bloody day I found out how wrong was you

I hate you, I hate your sunless smile!
