

## Argha Noah

### Nightmares on Wax

The waters of chaos  
were a blessing in fact,  
that brought new life.  
Each year  
when the waters of the flood would recede,  
leaving a course of fresh minerals and nutrients  
in the waters,  
which would then cause  
the food to grow,  
and spring would be a beautiful time in Egypt,  
because of the waters of chaos.  
They celebrated the coming of the waters of chaos  
bringing the new life.  
They call that celebration in Egypt  
meaning 'Argha Noah',  
not the 'Arc of Noah',  
but 'Argha Noah'.
