## Nightmares

Heart of gold  
Heart of gold  
Heart of gold (4x)

Will the oil that we crave sink into our veins and then replace  
All form of grace?  
We are masochistic forms of disaster  
With the dignity to swallow everything that we see  
But the pride in our teeth

Heart of gold  
Heart of gold  
Heart of gold (4x)

Can the sun beat me down further then sic feet in the ground?  
Cause when the sky has dried and words of men ceased  
Where will your soul rot and will it find peace?

Heart of gold  
Heart of gold  
Heart of gold (4x)
