Circle of Pain

Nightrage

I thought you were my friend
I was trying to find myself
In pieces so lonely and desperate.

You hurt me, I'm a fool and now I understand,
Dark person punished my soul so bad.

You can't hurt me no more, you'll never understand,
don't look at me, I pay for my mistakes.

Liar, hypocrite, evil, self destructive
So full of jealousy.
Don't invade my dreams, just walk away.

In this eerie night I will fly.
I will dance in the circle of pain,
Walking in this unknown empty land,
So confused for what's wrong or right.

Searching for my inner power.

In this eerie night I will fly.
I will dance in the circle of pain,
Walking in this unknown empty land,
So confused for what's wrong or right.

I thought you were my friend
In pieces so lonely and desperate,
And now I understand
You punished my soul so bad.

You can't hurt me no more
You'll never understand,
Don't look at me, I pay for my mistakes.

Liar, hypocrite, evil, self destructive
So full of jealousy.
Don't invade my dreams, just walk away.
