For The Heart I Once Had

Nightwish

Heaven today has gone away To a place I once called home Heart of a child, one final sigh As another love goes cold

Once my heart beat to the Rhythm of the falling snow Blackened below, the river now flows A stream of mountain virgin snow

For the heart I'll never have For the child forever gone The music flows because it longs For the heart I once had

Even today, with all the pains
To understand the weight of the world
Faded and torn, old and forlorn
My weak and hoping heart
For the child, for the night
For the heart I once had
I believe and foresee
Everything I could ever be

For the heart I'll never have
For the child forever gone
The music flows because it longs
For the heart I once had

Time will not heal A dead boy's scars Time will kill

For the heart I'll never have
For the child forever gone
The music flows because it longs
For the heart I once had
