

# Enjoy the Ride

Nik Kershaw

Enjoy the ride  
The Bumpy ride  
I hope that luck  
Is on your side  
I hope your arms  
Are open wide  
I hope you all  
Enjoy the ride

Enjoy the dance  
The crazy dance  
I hope you get  
To take your chance  
i hope you wear  
Your funky pants  
I hope you dare  
Enjoy the dance

You don't know why you left the station  
You don't know when your journey ends  
You don't know what your destination is  
You never know what lies around the bend  
You might as well look out the window  
And take in the scenery  
Stay loose but hang on tight  
Who knows you might

Enjoy the ride

You don't know how to take the next step  
You don't know who has marked your card  
You don't know when they'll stop the music  
You don't know why they make it oh so hard  
You might as well join in the mayhem  
You might as well go with the flow  
Quick step or take it slow  
Why don't you go

Enjoy the dance
