

Oxygen

Nik Kershaw

I take each breath as if it is my first
I hold it there, so deep inside me
'Til I'm about to burst
I speak each word as if it is your name
I move my lips and I taste the moment
Still it sounds the same

Your hand moves and so does mine
Our eyes meet and I know I'm alive

You are my oxygen
I breathe you in I breathe you out
You are my oxygen
You are my love you are what life's about

I take each breath as if it is my last
You never know what came so slowly
Could leave us, oh, so fast
I take each step as if it is to you
I hear your voice I feel your presence
In everything I do

My body sleeps, your lips revives
Our hearts beat And I know I'm alive

You are my oxygen
I breathe you in I breathe you out
You are my oxygen
You are my love you are what life's about

I'm nobody without You
If You were not here what would I do

You are my oxygen
I breathe you in I breathe you out
You are my oxygen
You are my love you are what life's about
