

The Sky's the Limit

Nik Kershaw

You could be a writer, fisherman or fighter
You could be the jewel in the crown
You could be a leader, doctor or a diva
You could be the talk of this town
You could be designer, major or a miner
You could be a game show host
You could drive you race-car, president or popstar
You could be the first past the post

You could be amazing, funny
and brave and lucky
and glorious

The sky's the limit
So dive on in it
Go fly your colors
So high above us
You're just beginning
So don't look down
Cos the sky's the limit

You could be the wise one, tougher than the top gun
You could be the king of it all
You could be the queen bee, bigger than the big cheese
You could be the belle of the ball

You could be inspiring or
Beguiling or
Notorious

The sky's the limit
So dive on in it
Go fly your colors
So high above us

And bring me back a souvenir
The next time you're around
Now fly before there's too much here
To keep you on the ground

When you've got a view so clear and no fear of falling

The sky's the limit
So dive on in it
Go fly your colors
So high above us
You're just beginning
So don't look down
Cos the sky's the limit
