

## When A Heart Beats

Nik Kershaw

Halfway to paradise  
Or so it seems that way  
Same as anyone  
Same as any other day

We seek eternity  
In all the things we buy  
Not top priority  
But it sure figures very high

Who steals the real world  
Fooling us all as we go  
And who gets to heaven  
Heaven only knows

When a heart beats, you can see forever  
When our time sleeps, you can be forever

Meanwhile in cuckoo land  
A most delightful place  
We look no further than  
The nose in front of our face

No wood anywhere  
We can only see trees  
Last train for  
Material refugees

When a heart beats, you can see forever  
When our time sleeps, you can be forever

Don't concern yourself  
With matters past and future  
Just put your mind to where they meet  
But when a heart beats  
Fooling us all as we go  
Who gets to heaven  
Heaven knows

When a heart beats, you can see forever  
When a heart beats, you can be forever

Be forever
