

# I Don't Think We've Met

Nikka Costa

If you ain't had it sweet enough  
I'll put a little sugar on it  
If you ain't gettin' rocked hard enough  
I'll put a little scream on it  
If you like you like it with a little more part on me  
I keep it nice and hot for you  
If you sick of making the same old scream  
Let me go down for me

If we get together you won't ever be the same  
But you'll never know if you don't catch my name

Guy: Do we know each other babe?  
Nikka: I don't think we've met  
I really want you feelin' me too!

I don't want nobody doin' me 'cept you  
so I'm gonna hit you up for it  
Cause ain't nobody doin' it like I do  
So I hope ya up for it  
Ya know I'll bring the dirty to ya  
If you ain't hear me baby  
Then let me break it down

Cause my shit is tight, It's gon' fit like a day  
Come in to my world and feel what I made up  
If we get together you won't ever be the same  
But you'll never know if you don't catch my name

Guy: Do we know each other babe?  
Nikka: I don't think we've met  
I really want you feelin' me too!

If you want it  
I got somethin' for ya  
I got what you wanted  
I got what, come and get it

Nikka: I really want you feelin' me too!  
Guy: Do we know each other babe?  
Nikka: I don't think we've met

If you want it  
I got somethin' for ya  
I got what you wanted  
I got what, come and get it
