

# Loving You

Nikka Costa

I hear the people talk  
Whistlin' when you walk  
Your kind is all hard to find and  
Darling I'm glad you're mine  
Just wanna let you know that  
I'll never let you go  
I'm cool as I can be  
Knowing you belong to me

Loving you  
In the morning  
Loving you  
In the evening  
Loving you  
You are all there is  
And then some

You call me on the phone  
You say Nikka what's going on?  
I jump off in my ride  
'Cause I want you by my side  
Now I can hardly wait  
Till I get to your gate  
Nothing can brake our date  
'Cause baby you take the cake

You are all there is  
And then some  
You are all there is  
And then some

I never leave you alone  
You gave me a jones  
I'm hooked just on your hug  
A junkie now for your love  
Now I can hardly wait  
Till I get to your gate  
Nothing can brake our date  
'Cause baby you take the cake
