

Someone Who Needs Me

Nikka Costa

Star light
Star bright
First star that I see
I'll make a wish tonight
Hope I find someone
Who needs me

Toss a coin
Into the well
Make a wish and promise...
Not to tell
Till I find someone
Who needs me

I'm hoping
I'm praying
That you are searching too
When you are lost
I will find you Baby
When I am tossed
Upside down
Oh baby
You'll take my hand
Turn me around
Now who says that
Dreams can't come true

Lucky charms
Magic spells
I'll believe in dreams
And fairy tales
Till I find someone
Who needs me

I'm hoping
I'm praying
That you are searching too
When you are lost
I will find you Baby
When I am tossed
Upside down
Oh Baby
You'll take my hand
Turn me around
Now who says that
Dreams can't come true
Some day they'll happen
To me and to you

Star light
Star bright
First star that I see
I'll make a wish tonight
Hope I find someone
Who needs me... now
