

Time On My Side

Nikka Costa

Time my friends
Can do so many things
It can change the skies
From gray to blue
If you believe in time
Love will come to you
Because you see
It's happening to me

So I need you to know
That I know what I'm after
Nothing but "Time on my side"
And you'll see in a while
That tears turn fo laughter in time

Friends like us
Can weather any storm
We'll be stronger
Just you wait and see
If you believe in time
Love comes back to you
Please believe
Cause I believe in you

So I need you to know
That I know what I'm after
Nothing but "Time on my side"
And you'll see in a while
That tears turn to laughter in time
And "Time is on my side"

Nothing but "Time on my side"
And you'll see in a while
That tears turn to laughter in time
And "Time is on my side"
Nothing but "Time on my side"
And you'll see in a while
That tears turn to laughter in time
And "Time is on my side"
