

Insecure

Nikki Flores

[Verse 1:]

I'm standing here right in front of you
They still stay the same
Then i hear u say I love you
And my worries disappear
Makes me wonder why i can't let it go
Theres no reason why i should feel alone
But i hide behind my skin afraid of what's within

[Chorus:]

It's my insecurity
It's not you it's me
I'm my worst enemy
It's my insecurity
Just wanna be perfect in your eyes
(perfect in your eyes)

[Verse 2:]

Now I know that you loved me for me
But its so hard
I've been hurt so many times
But you never lit the sky baby

Makes me wonder why i can't let it go
(i can't let it go)

There's no reason why I should feel alone
But I hide behind my skin
Afraid of what's within

[Chorus:]

It's my insecurity
It's not you it's me
I'm my worst enemy
It's my insecurity
Just wanna be perfect in your eyes
(perfect in your eyes)

[Bridge:]

All I really want is love
All I really need is
He's all mine
So tell me why im so lost baby
Of something i already had yeahh

[chorus:]

It's my insecurity
It's not you it's me
I'm my worst enemy
It's my insecurity
Just wanna be perfect in your eyes
(perfect in your eyes)
