

Long Road Home

Nikki Flores

see tha thing about love that makes it
tha hardest thing in tha world to contain it
it can never b bottled up, air tight
u can buy, u can sell, u can trade it
u can do ur damn best to escape it
everyone is just trynna get it right

how do we get bak to where we started?
not just broken hearted
how do we?
afriad we missed it
caught up in tha distance
does this even make sense?
its killin me

look at us now
trying to b strong
its such a long road home
shud we turn around?
are we too far gone?
its such a long road home
long road home

turn around and we're suddenly jaded
love is gone cuz we skipped a couple pages
our story's starting to feel so cold
fairytale dnt happen like u want it
now tha road that we're on is just haunted
can we fix wat we've broken, i dnt kno

how do we get bak to where we started?
not just broken hearted
how do we?
afriad we missed it
caught up in tha distance
does this even make sense?
its killin me

look at us now
trying to b strong
its such a long road home
shud we turn around?
are we too far gone?
its such a long road home
long road home
road home

we've got a long road home
how do we get bak to where we started?
not just broken hearted
how do we?
did we miss it?
caught up in tha distance
it dnt make sense
its killin me

look at us now

trying to b strong
its such a long road home
shud we turn around?
are we too far gone?
its such a long road home

turn around and we're suddenly jaded
(trying to b strong)
love is gone cuz we skipped a couple pages
(its such a long road home)
our story's starting to feel so cold

shud we turn around?
fairytale dnt happen like we want it
(are we to far gone?)
now tha road that we're on is just haunted
(its such a long road home)
can we fix wat we've broken, i dnt kno
long road home
