

# Love The Way You Lie

Nikki Flores

Just gonna stand there and watch me burn,  
Well that's alright because I like the way it hurts  
Just gonna stand there and here me cry,  
Well that's alright because I love the way you lie  
I love the way you lie

It's either one thing or the other  
We either love or we hate each other, we both know that it ain't right  
I try to leave but I can't undo this, cause I'm addicted to your bullets  
I'm hanging on the edge of suicide.

And you can tell me I mean nothing to ya  
But I know better cause I see right through ya  
You know you got me right where you want  
I didn't know that your kiss was poison  
But now I'm in too deep to try to control it  
I'm a prisoner of my own life...

Just gonna stand there and watch me burn,  
Well that's alright because I like the way it hurts  
Just gonna stand there and here me cry,  
Well that's alright because I love the way you lie  
I love the way you lie, I love the way you lie...

I can't tell you what it really is, one minute I'm feelin it the next I'm no  
t  
It's like one minute you're cold and the next you're hot  
I'm always chasin the paper you claim I'm chasin fame  
If things ain't going right I always take the blame  
We chasin paper planes, I'm tryin to read between the lines  
Fabricated the truth, tryin to see between the lies  
It's killin me inside  
I'm tryin not to let it show  
Been holdin on for too long not tryin to let it go

My hearts getting cold, can you feel the breezes?  
Everything we built bout to fall can we change the seasons?  
Can't explain the reasons only make excuses  
Sayin we in love with each other but portray a nuisance  
Save your two cents unless you're tryin to make some change  
Only makin love no more makin complaints  
Yeah, and no matter what I say inside  
I love the way you lie...

Just gonna stand there and watch me burn,  
Well that's alright because I like the way it hurts  
Just gonna stand there and here me cry,  
Well that's alright because I love the way you lie  
I love the way you lie

Yeah we try to alter egos, she loves my alter ego  
So it seems though the good guy is finito  
Bleed slow she knows when I'm in cognito  
I'm only givin small talk like Danny Devito  
Shoulder colder than 20 below, Can't feel nun  
I'm like a Spartan on defence, my shields up  
I feel stuck like I'm swimming in the deep end

Tryin to seep my head a float but can't breathe in

One minute it's all good it's all love  
Next minute we fightin finger pointin it's all done  
Feelin like the wrong one no more soul mates  
Who will be the first to give in or is it too late  
I don't know, all I know is I won't go  
She got a heart of gold and I'm not letting go  
Uh and while inside I'm fightin pride  
I love the way you lie...

Just gonna stand there and watch me burn,  
Well that's alright because I like the way it hurts  
Just gonna stand there and here me cry,  
Well that's alright because I love the way you lie  
I love the way you lie
