

Nobody Without You

Nikola Šarčević

I'm nobody without you
Just a shell
I'm like a flower with no smell
It's a living hell

Yeah, I'm nobody without you
Just a frame
I'm like a fire with no flame
I'm living in shame

'Cause you're my sunshine
To keep me warm
You're my shelter and my hideout
In rainy days and storm

You're my laugh-line when I am blue
You put balm into my wounds
I'm nobody without you
Yeah, I'm nobody without you

Yeah, I'm nobody without you
Just a freak
I'm like a bucket with a leak
Oh boy, I am weak

Yeah, I'm nobody without you
Just a fool
I'm like a jointer with no tool
Oh, life isn't cool

'Cause you're my sunshine
To keep me warm
You're my shelter and my hideout
In rainy days and storm

You're my laugh-line, make me feel new
You give the only love I know
I'm nobody without you
Yes, I'm nobody without you

Yeah, I'm nobody without you
Just nobody without you

Without your loving, without you I am weak
Without your hugging I'm nothing but a freak
Without you, baby, without you I cannot sing
Without you, darling, I'm like a bird who lost its wings
I'm not a thing

'Cause you're my sunshine
To keep me warm
You're my shelter and my hideout
In rainy days and storm

You're my laugh-line, a dream come true
You're the only truth I know
I'm nobody without you

Yes, I'm nobody without you

Yeah, I'm nobody without you
Just nobody without you
