

# Nobody Without You

Nikola Šarčević

I'm nobody without you  
Just a shell  
I'm like a flower with no smell  
It's a living hell

Yeah, I'm nobody without you  
Just a frame  
I'm like a fire with no flame  
I'm living in shame

'Cause you're my sunshine  
To keep me warm  
You're my shelter and my hideout  
In rainy days and storm

You're my laugh-line when I am blue  
You put balm into my wounds  
I'm nobody without you  
Yeah, I'm nobody without you

Yeah, I'm nobody without you  
Just a freak  
I'm like a bucket with a leak  
Oh boy, I am weak

Yeah, I'm nobody without you  
Just a fool  
I'm like a jointer with no tool  
Oh, life isn't cool

'Cause you're my sunshine  
To keep me warm  
You're my shelter and my hideout  
In rainy days and storm

You're my laugh-line, make me feel new  
You give the only love I know  
I'm nobody without you  
Yes, I'm nobody without you

Yeah, I'm nobody without you  
Just nobody without you

Without your loving, without you I am weak  
Without your hugging I'm nothing but a freak  
Without you, baby, without you I cannot sing  
Without you, darling, I'm like a bird who lost its wings  
I'm not a thing

'Cause you're my sunshine  
To keep me warm  
You're my shelter and my hideout  
In rainy days and storm

You're my laugh-line, a dream come true  
You're the only truth I know  
I'm nobody without you

Yes, I'm nobody without you

Yeah, I'm nobody without you  
Just nobody without you
