Nobody Without You

Nikola Šarčević

I'm nobody without you Just a shell I'm like a flower with no smell It's a living hell

Yeah, I'm nobody without you Just a frame I'm like a fire with no flame I'm living in shame

'Cause you're my sunshine To keep me warm You're my shelter and my hideout In rainy days and storm

You're my laugh-line when I am blue You put balm into my wounds I'm nobody without you Yeah, I'm nobody without you

Yeah, I'm nobody without you Just a freak I'm like a bucket with a leak Oh boy, I am weak

Yeah, I'm nobody without you Just a fool I'm like a jointer with no tool Oh, life isn't cool

'Cause you're my sunshine To keep me warm You're my shelter and my hideout In rainy days and storm

You're my laugh-line, make me feel new You give the only love I know I'm nobody without you Yes, I'm nobody without you

Yeah, I'm nobody without you Just nobody without you

Without your loving, without you I am weak Without your hugging I'm nothing but a freak Without you, baby, without you I cannot sing Without you, darling, I'm like a bird who lost its wings I'm not a thing

'Cause you're my sunshine To keep me warm You're my shelter and my hideout In rainy days and storm

You're my laugh-line, a dream come true You're the only truth I know I'm nobody without you Yes, I'm nobody without you

Yeah, I'm nobody without you Just nobody without you
