Dream Big

~~~האאה ~~~ You gotta dance a lot You gotta sing a lot Open your heart a lot And you can be a lot

You gotta share your stuff Give when the times get tough Your best can be enough

Dream big, work hard, stay humble Give big, stay strong, be humble Humble, humble

You gotta speak your heart Love like a work of art Children sing and dance Make sure they get the chance

Dream big, work hard, stay humble Give big, stay strong, be humble Humble

We need a world at peace War on disease and hate All this despair and greed Don't let it be your fate

Dream big, give hard, stay humble And you can dance a lot You better dance a lot Dream big and dance a lot We need to dance a lot Dance in your heart, dance in your head Dance into Heaven, dance into dead You better dance a lot Give big and dance a lot We need to dance a lot Dream big and dance a lot We gotta dance a lot Give hard and dance a lot Dream big and dance a lot
