

Old School

Nils Lofgren

~~~♪♪♪ ~~~

Teens are hooked on drugs and the internet  
Cry life is rough we must forget  
Dad I'm going to the mall, dressed like a whore  
Mama everyone's doin' it and there's more  
I need a 24/7 sexting cell or I'll kill myself and see you in hell  
Dad it's all your fault that my life sucks  
oh by the way, I need a hundred bucks

Oh no ain't no old school anymore  
Oh no ain't no old school anymore

Our spineless congress should all be fired  
Get some women and men with balls and sense hired  
Child rape and murder one strike you're down and out  
With our kid's lives at stake what's to figure out

Oh no ain't no old school anymore  
Oh no ain't no old school anymore

For those who believe thou shalt not kill  
Give 'em jail for life and a cyanide pill  
Or better yet let dad pull the plug  
No drink or sandwich for the predator thug

(There ain't no old school anymore)  
Who ain't sick of congress yet  
(Ain't no old school anymore)  
Come on y'all get a spine grow a set  
(Ain't no old school anymore)  
Thanks Jane and Joy and Nancy G  
(Oh no ain't no old school anymore)  
Keep waving that flag on TV

For those who believe thou shalt not kill  
Give 'em jail for life and a cyanide pill  
A simple cry for help would've saved her  
Now you want out of jail on "what!?" behavior  
You rape my child the old school play  
Would be to put you down like a rabid stray

Ain't no old school anymore  
Oh no ain't no old school anymore
