

## In The Night

NIM VIND

In the Night it's a gift  
In the age of Love  
The love of Harlots

You know where this began  
And you know the way  
You're so Devoted

Too Our new Weapon  
That you run from  
Our new weapon that's dominating her life  
Our weapon that you run from  
Our new weapon is all we are

In the night is a gift  
Chopping at the end  
For love of Harlots

You know where this began  
And you know the way  
You're so Devoted

Too Our new Weapon  
That you run from  
Our new weapon that's dominating her life  
Our weapon that you run from  
Our new weapon is all we are
