

# Into The Sphere We Go

NIM VIND

It's the Spinning Dance  
It's the movement going backwards,  
It's down the stairs  
It winds through the Spiral  
Empty Eyes are waiting in the  
rocking Chair  
A strange seen with the stop motion  
in motion

Here it comes to take your Life  
In the Woods Now, In the Woods now,  
It's comes to take your Life, In the Woods

It's reverse time  
It's the movement going backwards,  
It's down the stairs  
And going into the White Eyes  
The Black Lights do so embellish the  
moment in the stop motion  
And the thrill of the time

Here it comes to take your Life  
In the Woods Now, In the Woods now,  
It's comes to take your Life, In the Woods
