

Killer Creature Double Feature

NIM VIND

This little girl sees the world
Crooning in the Midnight
This little girl is gonna cry
And I'm feeling it closer

And the Heart is a world away
Baby, baby now

The world is falling apart
Baby, baby now

This little world's living fast
It's a scene from a Drive-In film
This little world has got a Knife
And I'm feeling it deeper

And the Heart is a world away
Baby, baby now

The world is falling apart
Baby, baby now
Oh, really kill now
