

# Killing Saturday Night

NIM VIND

And out of the Dark Night my World  
with eyes of a thousand dreams.  
And in your eyes I know the Tears are forming  
and that ain't nothing now to me.  
Cause I know that  
SweetHeart it's gonna make you Cry  
It's gonna break your heart  
It's gonna make the end come down  
I wander the Night only for you...  
You said your little world is gone  
I say that now should be the time  
We're gonna Tear this World to Pieces  
And now I know that you know Why  
Now I know that
