

## Hold on to Me

Nina Gordon

We're the same and you don't even know it  
We're afraid and we try not to show it  
And you're tired and I am too  
So there's only one thing you can do  
You've got to hold me and tell me what you need  
And don't be afraid of what you're feeling when  
You know me then I'll never want to leave you just  
Hold on to me  
When we're apart  
I still feel together  
I still believe in a thing called forever  
But we're drifting apart  
It's true  
And it's breaking my heart in two  
You've got to hold me and tell me what you need  
And don't be (don't be) afraid of what you're feeling when  
You (know me) know me then I'll never want to leave you just  
Hold on to me  
Hold on to me  
We'll drive away where no one can find us  
It's time to leave those dark days behind us  
In my dreams it's always you  
So there's only one thing we can do  
You've got to hold me and tell me what you need  
And don't be (don't be) afraid of what you're feeling when  
You (know me) know me then I'll never want to leave you just  
Hold on to me  
Just hold on to me  
Still believe in a thing called forever  
Still believe in a thing called forever  
Still believe
