

Suffragette

Nina Gordon

Here i go
one, two, three, four

I'll make history
a suffragette said
I'm clever to do this forever

Well you don't know me yet
but i'm a suffragette
i suffer for your sins and wash them all away
some kind of jesus christ, check out my sacrifice
a pretty poison flower bringing you the sweetest juice

and you'll remember me
i'm making history
just you wait, just you wait and see

I'll make history
a suffragette said
I'm clever to do this forever

So don't try to stone me
you don't own me
baby you don't know me yet
don't try to break you, you can't take me
cos baby i'm a suffragette

my momma said to me
be what you wanna be
just take your time
enjoy the ride along the way

and you'll remember me
i'm making history
just you wait, just you wait and see

I'll make history
a suffragette said
I'm clever to do this forever

You cannot fight me
you don't have to like me
you don't even know me yet
don't try to break me, you can't take me
cos baby i'm a suffragette

it's like you fell asleep in a cab
and woke up in another land
and everything's changed, so its ok
it's better this way

so come along
cause without hestitation
change the channel baby, try another station

i fill you up with a sense of elation
i build you up with the sex education

Here i go
