

Giant Step

Nina Hagen

Though you've played at love and lost,
and sorrows turned your heart to frost,
but I will melt your heart again.
Remember the feeling as a child,
when we woke up in the morning and smiled,
it's time, it's time, it's time we felt like that again...

There's just no percentage in remembering the past,
it's time you learn to live again and love at last...

Come with me and leave your yesterdays behind,
take a giant step outside your mind.

Come with me and leave your yesterdays behind,
take a giant step outside your mind.

You stare at me in disbelief,
you say for you there's no relief,
but I swear that I will do you no harm.

Don't just sit there in your lonely room,
just looking back in silent gloom,
No, that's not where you belong...

Come with me, I'll show you where.
The taste of life is waiting.
Every day is a whole wonder that's got to be seen...

Ooh...

Come with me and leave your yesterdays behind,
take a giant step outside your mind.

Come with me and leave your yesterdays behind,
take a giant step outside your mind.

Come with me and leave your yesterdays behind,
take a giant step outside your mind.

Won't you come with me and leave your yesterdays behind,
take a giant step outside your mind...
