

# In My World

Nina Hagen

when I think about you  
I have my own celebration  
if the word is true  
than you are the inspiration  
I won't love without you  
cause you are the inspiration  
let the words be true  
its you to I give the dedication

I can think about you  
and have my own celebration  
if the word is true  
than you are the inspiration  
its just the way it should be  
we might have the perfect combination

if you ever leave me  
call it sad situation  
I need you  
in my world  
in my world I wanna do my love on you!!

Because I love you, baby hey baby baby  
I want you baby hey baby baby  
thinking of you baby hey baby baby  
come on now, dont tell me maybe  
wanna please you baby hey baby baby  
I need you baby hey baby baby  
I need you in my world  
in my world I wanna do my love on you!!
