

Love Hi

Nina Hagen

Love is here to stay
I pray, that love is really here to stay
for me and you
I don't wanna loose it, don't wanna wait
untill, it's all too late
I'm so in love, it's true
and in my dreams, I walk around with
someone on my side, who loves me
oh soo much
its you my love, I want you
and I don't wanna loose your love
I need your special touch

I'm on a high love hi, I never say goodbye
oh no not I, I'm on a high lovehigh
just ring my bell, that'll be swell
lovehigh

I don't wanna ask you for no favour
just be true to me, be true to me
I hope we'll stay together and
we'll love eachother more and more
each passing day

And I don't cate what people think
waht people think or how they stare
my energy level climes up high
I'm soo happy, that I have too cry
gimmi the chance to express
my big love is a big success
he hipps me, hopps me, riggs me, rox me
pushes me hard, he's my bodyguard
he's my lover, my cover, it's like a dream
if you know what I mean
I was born in stormy times, now I'm soo happy
that I talk in rhymes, I don't wanna be
a failure, I don't wanna go and sell my smell
giuess what? I don't wann go to hell
cause I've got soo much power
I clould climbe the eifeltower
