

Move Over

Nina Hagen

You say that it's over baby
You say that it's over now
But still you hang around
Oh come on, won't you move over

You know that I need a man
You know that I need a good man
But when I ask you to you just tell me
That may be a game

Make up your mind honey
Yeah, you're playing the blues
Make up your mind darling
Yeah, you're playing the blues
Now either be my loving man I said,
Or let me honey let me be, let me be

Please don't you do it to me babe
No, please don't you do it to me
Either take this love I offer
Honey let me be

I ain't quite ready for walking
No no no, I ain't quite ready for walking
Cuz what I'm gonna do with your love
Lord just hanging in

Oh yeah, make up your mind honey
You're playing the blues
Make up your mind darling
You're playing the blues
Now either be my loving man I said,
Or let me honey let me be, let me be
Let me be, let me be

Oh lord won't you buy me a Mercedes Benz

Move over, move over

I need to see it in me
The way you play with my affections honey
I can see it won't work baby

Oh lord won't you buy me a Mercedes Benz

I can see it won't work baby
The way you play with my affections honey
I can feel it in my heart
I need to see it in me
We are off...
