

Nina 4 President

Nina Hagen

Countdown...

Ten to zero,
Nina for president, vote your hero!

All for one, one for all,
united we stand, divided we fall
All for one, one for all,
united we stand, divided we fall

My name is Nina, ich bin ein Berliner
I run for president, a new world government,
The new world's government, is a screen,
we call it green dream, we will get the planet clean,

1991 is the time, open up your mind, and listen to the rhyme,
we need some unity, in every community,
get down, here's the opportunity,
we need a leader, to speak up on the issues,
those who take offence, sorry if we dissed you
its critical, in the political arena,
the rhymes i wrote, yeah, to vote for Nina!

I say aloud, time's run out, we bleed,
the poor and hungry are in need,
they need to eat, wow - armagedon
food, and we are being rude,
to eat a holy cow is to eat another dude,
it will put your karma in the worst of moods,
I'm not telling lies, but this is why the rainforest... dies

Countdown...

You ready to join?
and dare to share?
Come on, be fair,
let me say it live, on the air,
unification is the hardest combination,
one love, one love nation...

We're never gonna see, solar peace campaign,
to fight world pollution and stop acid rain,
South Africa, to the Berlin Wall, all negativity, must fall,
So in this election, make your selection,
We need a new leader, Vote for Nina!

No more fakes, no more mistakes,
this movement is sweeter than a million cakes
People have to know, that many politicians,
are under only private superstitious missions,
I always really wanted to tell you this,
Do you really know what Religion is?
Religion is to help, one another,
to love and to share, like a good mother,
now if you are a muslim,
or a jew, a christian, a buddhist, or a hindu,
a yogi, a flower, or a lulu, your love is to God,
and He loves you!

All for one, one for all,
united we stand, divided we fall
All for one, one for all,
united we stand, divided we fall

Countdown...

Ok, No more torture, we're going to be free
Stop messing around with atomic EN-AR-GY
Love life, and peace, can only begin,
if you know in your heart, sun shines from within,
love all your brothers, and love all your sisters
love all the Mrs. and love all the Misters.
Don't be shy when sharing your money,
be like the bees, sharing all your honey,
test my notion, the perfect peace potion,
can be found in the wake of the green seas motion,
The long, rocking swerve, the mighty blue ocean,
if you love peace, the perfect peace potion,
then we will find it with the sweet sea creatures
the spine of a dolphin is a built in feature,
you will learn much peace with the whale as your teacher,
Good Morning MC Shaun, very nice to meet you,

You ready to join?
and dare to share?
Come on, be fair,
let me say it live, on the air,
unification is the hardest combination,
one love, one love nation...
All for one, one for all,
united we stand, divided we fall
All for one, one for all,
united we stand, divided we fall

Countdown...
