Nina Hagen

When the Lord was in the flesh  
Showing us the truth  
He sacrificed himself  
To purify the roots

He said "Blessed be the one  
Who knows my father's name  
When the time has come"

I can put my trust in Jesus,  
But can he put his trust in me  
Do I do my best in service,  
Even though no-one can see  
I can say that he's my saviour,  
And from sin he set me free  
I can put my trust in Jesus,  
But can he put his trust in me

Looking for a better day

The same story happened  
On Kumaoni Hill  
When Babaji appeared  
Shaking our wills  
He said "Be fearless and courageous,  
cross ice and fire at the funeral pyre"

I can put my trust in Babaji,  
But can he put his trust in me  
Do I help those who would need me,  
Do I really set them free  
I can say that he's my guru,  
And from death he set me free  
I can put my trust in Babaji,  
But can he put his trust in me

We're all the same  
Like stars in the night  
Let's stop the war  
Let's drop the fight  
Swim in oceans of love

Instead of blood and tears  
'Cause the times are near

Glory Glory Halleluja, Om Namah Shivaya  
Glory Glory Halleluja, Om Namah Shivaya  
Glory Glory Halleluja, Om Namah Shivaya
