

# Universal Radio

Nina Hagen

I'm driving in my car  
I'm looking for a job  
And I'm talking to myself, talking to myself,  
Talking to myself, talking to myself  
I'm my own radio, my own radio  
Miss Universe, Universal Radio

I'm walking down the street  
All the people watch me from my head to feet  
And I'm talking to myself, talking to myself, talking to myself  
I'm my own radio, my own radio  
Miss Universe, Universal Radio

Hey brothers and sisters from the universe  
We're drowning in a pot  
Universal Radio Radio release your soul  
From mental pollution and mental activity  
Universal Radio Universal Radio  
Into the oversee  
I'm in space, I'm looking for the chosen place

And I'm talking to myself, talking to myself  
Talking to myself, talking to myself  
I'm my own radio, my own radio  
Miss Universe, Universal Radio  
Miss Universe, Universal Radio  
Miss Ekstasy, Universal Radio  
Miss Universe, Universal Radio  
Oh Solo Mio
