

# Underground

Nina Nastasia

I'm awake  
I know 'cause i'm afraid  
Of every little thing  
It makes me think of you

You're so sereen  
Underneath your wit  
You're watching me  
Tripping my saddle shoes

Better shoot me down...  
To that bold, bold underground  
Save me  
Save me

Quiet now  
It's time to say your prayer  
God is near  
They say he's watching you

Better shoot me down...  
To that bold, bold underground  
Save me

Better shoot me down...  
To that bold, bold underground  
Save me  
Save me

I believe  
Shhh...  
I believe  
Shhh...  
I believe  
Shhh...  
I believe  
Shhh...  
Shhh...
