

# He's The One I'm Bringing Back

Nina Nesbitt

I hear them all say  
I'm going crazy  
But I don't give a fuss  
Cause he's the one I'm bringing back

All my life I've  
Lived on the sideline  
But now I've had enough  
And he's the one I'm bringing back

So you can keep all your little remarks  
To yourself  
I know our ages may be far apart  
But you can't tell me any reasons not to  
He's got eyes I've been locked onto  
Put your eyes on someone else

I hear them all say  
I'm going crazy  
But I don't give a fuss  
Cause he's the one I'm bringing back

All my life I've  
Lived on the sideline  
But now I've had enough  
And he's the one I'm bringing back back back  
He's the one I'm bringing back back back  
He's the one I'm bringing back back back  
He's the one I'm bringing back back back  
He's the one I'm bringing back

Go out together on a Tuesday night  
Never rest  
He's got a car that goes 100 miles  
You'd probably guess  
I crash when he holds me  
Forgot what you ever told me  
Put your eyes on someone else

I hear them all say  
I'm going crazy  
But I don't give a fuss  
Cause he's the one I'm bringing back

All my life I've  
Lived on the sideline  
But now I've had enough  
And he's the one I'm bringing back

Monday, Tuesday, Wednesday, Thursday  
Friday, Saturday, Sunday  
[x4]

I hear them all say  
I'm going crazy  
But I don't give a fuss  
Cause he's the one I'm bringing back

[x2]

All my life I've  
Lived on the sideline  
But now I've had enough  
And he's the one I'm bringing back back back  
He's the one I'm bringing back back back  
He's the one I'm bringing back back back  
He's the one I'm bringing back back back  
He's the one I'm bringing back
