

# Merry Mending

Nina Simone

Merry mending to you  
Merry mending merry mending  
May your convalescence be fun as you chat about prevention

Merry mending merry mending  
Think you're lucky you are the one  
To get all of that attention  
Forget about your pills forget about your ills  
Forget about the bills  
Get up get out get well again  
Merry mending health and happiness blending

Merry mending to you

Merry mending merry mending  
May your convalescence be fun as you chat about prevention  
Merry mending merry mending  
Think you're lucky you are the one  
To get all of that attention

Forget about your pills forget about your ills  
Forget about the bills  
Get up get out get well again  
Merry mending merry mending merry mending  
Merry mending merry mending to you
