

## Peace of Mind

Nina Simone

All we need but it's so hard to find  
Is some peace, peace of mind  
All we need but it's so hard to find  
Is some peace, peace of mind

When the fathers and the mothers fight all the time  
Leave the sisters and the brothers no time to rhyme  
To the left, to the right  
So far apart  
With so much to consider, no time for the heart  
Time for the heart

All we need but it's so hard to find  
All we need is peace of mind  
All we need but it's so hard to find  
All we need is peace of mind
