

Take me away  
From the real world  
Far away  
Is this what we deserve?  
Even if we try to hide  
This identity  
Someday we'll meet in victory  
Oh oh  
\*  
Now that I found out  
There's something out there  
Up in the sky there's the reason why  
We'll fly together and fight together  
\*\*  
Even if we collide  
And burst our hearts in the sky  
We'll find the answers inside  
We belong together  
We are one in a kingdom of light  
Even if we collide  
We'll find the reason to fight  
And we will meet side by side  
The power within us  
We'll take us there  
We'll make it there  
Even if we collide  
So don't be afraid  
We'll make it through  
Far away  
Love will find the truth  
Even if we try to change  
This reality  
Someday we'll rise in victory  
Oh oh  
\*Now that I found out  
There's something out there  
Up in the sky there's the reason why  
We'll fly together and fight together  
\*\*  
Even if we collide  
And burst our hearts in the sky  
We'll find the answers inside  
We belong together  
We are one in a kingdom of light  
Even if we collide  
We'll find the reason to fight
