Even Now

Even now When there's someone else who cares When there's someone home whos waiting just for me Even now I think about you as I'm climbing up the stairs And I wonder what to do so he wont see That even now When I know it wasn't right And I found a better life than what we had Even now I wakeup crying in the middle of the night And I can't believe it still could hurt so bad [Chorus:] Even now when I have come so far I wonder where you are I wonder why it's still so hard without you Even now when I come shining through I swear I think of you And how I wish you knew Even now Even now When I never hear your name And the world has changed so much since you been gone Even now I still remember and the feelings still the same And the pain inside of me goes on and on Even now Even now when I have come so far I wonder where you are I wonder why it's still so hard without you Even now when I come shining through I swear I think of you And God I wish you knew Some how Even now Even now Even now Even now
