I Didn't Mean To Make You Mine

Don't give me a second chance It'll be the same You will be the consequence And I will have the pain

You are something else I have I have to survive That is why I say With tears in my eyes

I wish I never opened up my heart I didn't mean to love you baby I wish I never let it get this far I didn't mean to love you baby

If I could have a single wish I'd turn back time I didn't mean to make you I didn't mean to make you mine

Don't look at me like I'm mad I thought you would know I was getting way too sad

It was gonna show There was no way I could hide I could hide the truth So I took the risk and fell for you

I wish I never opened up my heart I didn't mean to love you baby I wish I never let it get this far I didn't mean to love you baby

If I could have a single wish I'd turn back time I didn't mean to make you I didn't mean to make you mine

I didn't mean to make you hold me I didn't mean to get so lonely I didn't mean to say all this to you I didn't mean to make you need me I didn't mean to love you like I do Look at what we've put us through

I wish I never opened up my heart I didn't mean to love you baby I wish I never let it get this far I didn't mean to love you baby

If I could have a single wish I'd turn back time I didn't mean to make you I didn't mean to make you I didn't mean to make you mine Tištěno z www.txp.cz Nina
