I love you goodbye

Wish I could be the one The one who could give you love The kind of love you really need Wish I could say to you That I'll always stay with you But baby that's not me You need someone willing to give their heart and soul to you Promise you forever, baby that's something I can't do Oh I could say that I'll be all you need But that would be a lie I know I'd only hurt you I know I'd only make you cry I'm not the one you're needing I love you, goodbye

I hope someday you can Find some way to understand I'm only doing this for you I don't really wanna go But deep in my heart I know this is the kindest thing to do You'll find someone who'll be the one that I could never be Who'll give you something better Than the love you'll find with me Oh I could say that I'll be all you need But that would be a crime I know I'd only hurt you I know I'd only make you cry I'm not the one you're needing I love you, goodbye

Leaving someone when you love someone Is the hardest thing to do When you love someone as much as I love you

Oh I don't wanna leave you Baby it tears me up inside But I'll never be the one you're needing I love you, goodbye

Baby, its never ganna work out I love you, goodbye
