## **Steep**

Softly, gently I will let you down 'Cause I don't love you In the same way now I can hold you But not with lover's arms 'Cause you are more of A brother to me now 'Cause I can lie next to you But I can't lie to you (Chorus) So walk into the sun and watch me Run into the rain For you, the future's easy, so don't weep For me, it's getting steep... I loved you for Exactly who you are And I'd say we've come The nearest yet by far 'Cause I can lie next to you But I can't lie to you (Chorus) So walk into the sun and watch me Run into the rain For you, the future's easy, so don't weep For me, it's getting... Steeper From where the dark that's where I want to be Steeper From going somewhere you won't want to see So walk into the sun and watch me Run into the rain For you, the future's easy, so don't weep Yes, I will watch you Walk into the sun and watch me Run into the rain drops For you, the future's easy, so don't weep For me, it's getting steep...
