## **Burn Faster**

**Nine Black Alps** 

Bent out of shape her body moves and pull the feeling from your face completely screwed. All out of style why can't you see there's so much sadness in your smile it's always you who has to.. Burn faster Cut deeper Hit harder Fall further Always the same

Can't change your colours or you'll look the other way for a better view. The bitter taste you broke the mold that held you firmly in your place and now it's you who has to.. Burn faster Cut deeper Hit harder Fall further When every little step you take, Keep making the same mistake Yeah

Burn faster Cut deeper Hit harder Fall further
