

## Don't Forget To Breathe

Nine Black Alps

In the black and white colour baby  
You were hypnotized and wanted to wake me  
Hold my appetite, it's so lazy  
You're my satellite blood sugar baby  
Home is where my dead body lies  
Sleeping safe til I'm paralyzed  
Hold me close I'll get tranquilized  
Don't forget to breathe  
Breathe  
Breathe

Your sleeping skull is a miracle  
Just lying there filled with potential  
Every candidate is an empty shell  
In the alleyway ringing like a church bell  
Home is where my dead body lies  
Sleeping safe til I'm paralyzed  
Hold me close I'll get tranquilized  
Don't forget to breathe  
Breathe  
Breathe

Breathe  
Breathe  
Breathe

Home is where my dead body lies  
Sleeping safe til I'm paralyzed  
Hold me close I'll get tranquilized  
Don't forget to act satisfied  
Home is where my dead body lies  
Sleeping safe til I'm paralyzed  
Hold me close I'll get tranquilized  
Don't forget to breathe  
Breathe  
Breathe

Breathe
