

# Beside You in Time

Nine Inch Nails

I am all alone this time around  
Sometimes I'll decide I hear a sound  
Places parallel I know it's you  
Feel the little pieces bleeding through  
And on  
This goes on  
And on  
And on  
And on  
And on  
And on  
And on  
And on  
And on  
This goes on  
And on  
And on  
And on  
And on  
And on  
And on  
And on  
And on  
Now that I've decided not to stay  
I can feel me start to fade away  
Everything is back where it belongs  
I will be beside you before long  
And on  
This goes on  
And on  
And on  
And on  
And on  
And on  
And on  
And on  
And on  
This goes on  
And on  
And on  
And on  
And on  
And on  
And on  
And on  
And on  
Oh, we will never die  
Oh, beside you in time  
Oh, we will never die  
Oh, beside you in time
