Nine Inch Nails

I pushed the button and elected him to office and a He pushed the button and he dropped the bomb You pushed the button and could watch it on the television Those motherfuckers didn't last too long

I'm sick of hearing about the "have's" and "have not's" Have some personal accountability The biggest problem with the way that we've been doing things i s The more we let you have the less that I'll be keeping for me

Well I used to stand for something Now I'm on my hands and knees Trading in my god for this one And he signs his name with a capital G

Don't give a shit about the temperature in Guatemala Don't really see what all the fuss is about Ain't gonna worry about no future generations and a And I'm sure somebody's gonna figure it out

Don't try to tell me that some power can corrupt a person You haven't had enough to know what its like You're only angry 'cause you wish you were in my position Now nod your head because you know that I'm right... alright!

Well I used to stand for something But forgot what that could be There's a lot of me inside you Maybe you're afraid to see

Well I used to stand for something Now I'm on my hands and knees Trading in my god for this one And he signs his name with a capital G
