## **Down In It**

## **Nine Inch Nails**

Kinda like a cloud I was up way up in the sky and I was feeling some feelings you wouldn't believe sometimes I don't believe them myself a nd I decided I was never coming down Just then a tiny little dot caught my eye it was just about too small to see But I watched it way too long and that dot was pulling me down I was up above it I was up above it Now I'm down in it I was up above it I was up above it Now I'm down in it Well shut up so what what does it matter now I was swimming in the haze now I crawl on the ground And everything I never liked about you is kind of seeping into me Try to laugh about it now but isn't it funny how everything works out I guess the jokes on me, she said I was up above it I was up above it Now I'm down in it I was up above it I was up above it Now I'm down in it I used to be so big and strong I used to know my right from wrong I used to never be afraid I used to be somebody I used to have something inside Now just this hole that's open wide I used to want it all I used to be somebody I'll cross my heart and hope to die but the needle's already in my ey e And all the world's weight is on my back and I don't even know why And what I used to think was me is just a fading memory I looked him right in the eye and said goodbye I was up above it I was up above it Now I'm down in it I was up above it I was up above it

Now I'm down in it
