

With Teeth

Nine Inch Nails

She comes along
She gets inside
She makes you better than, anything you've tried

It's in her kiss
Black as sea
And it runs deeper than you, dared to dream it could be

With teeth
With teeth
With teeth
With teeth

Wave good bye
To what you were
The rules have changed, the lines begin to blur

She makes you hard
It comes on strong
You finally found, the place where you belong

With teeth
With teeth
With teeth
With teeth

I cannot go through this again
I cannot go through this again
I cannot go through this again
I cannot go through this again
I cannot go through this again
I cannot go through this again
I cannot go through this again
I cannot go through this again

With teeth
With teeth
With teeth
With teeth

She will not let you go
Keeps on and on
She will not let you go
Keeps on and on
This time I'm not coming back
She will not let you go
This time I'm not coming back
She will not let you go
